## What is the NCM CRA Coalition?

In 1977, Congress enacted the Community Reinvestment Act. CRA requires all federal-insured financial institutions to help meet the credit needs of the entire communities in which they do business, including minority and low- to moderate-income residents and communities. The CRA Coalition meets 5 times a year and our members' annual dues support critical programs in response to current needs.

The North Central Massachusetts Community Reinvestment Act Coalition build alliances that help members of the minority and low income community to gain access to talents and financial resources that address housing, banking, education, and business issues.

The following is a list financial institutions participating in the CRA Coalition for the Fitchburg area:
