5.6 FY24 Budget Review – See Memo in the Meeting Folder -Information Only

A final budget will be proposed on June 8, 2023. Highlights of the proposed budget include the following:

1. Total projected revenue of \$2,144,250.
 - a. Additional revenue is highly likely as communities are asking for additional planning services for the upcoming fiscal year, and beyond. Also, more grant programs and funds are available now than there have been since the 1990s.
 - b. MRPC needs to exercise caution on the expense side of the budget as these grant programs will eventually terminate. All planning staff need to develop new avenues of revenue.
2. Total projected expenses of \$2,218,552.
3. A projected deficit of only -3.3% (\$74,301).
4. A projected overhead rate of 1.1950 or (119.50%), a reduction of almost ten points from our current OH rate of 1.2812 (128.12%).
5. Additional revenue of \$375,000 plus \$89,333 for total projected revenue of \$464,333.
 - a. The significant increase in revenue is due to the award of a \$750,000 Bipartisan Infrastructure Law (BIL), Safe Streets for All (SS4A) grant (\$375,000 to be expended in FY24 and another equal amount in FY25) and an Economic Adjustment Assistance (EAA) grant award of \$134,000+ from the Federal Economic Development Administration (EDA) for our Future Industrial Lands for Long-Term Economic Recovery (FILLTERR) project. (Only \$89,333 of the \$134,000 grant award from the EDA EAA grant will be available in FY24.)
6. This draft budget projection includes a 2.5% salary increase across the board (for all employees).
 - a. In June, the Executive Director may recommend a higher salary increase for all employees due to the significant increase in the New England Consumer Price Index (CPI) benchmark rate over the past 12-18 months and possibly additional funds for some employees at the lower end of the pay scale, and possibly others, so that MRPC can compensate employees at rates that are competitive with other regional planning agencies in Massachusetts and New England.

7. Some of the above narratives and numbers are subject to further analysis, research, and change through June 8, 2023.

6. Department Updates- Contract Status Report Review

Additionally, we believe the main topic for June and July will be the Regional Transportation Plan.

7. New Business

This time is reserved for topics that the chair did not reasonably anticipate would be discussed.
